Our Portable Hand Sanitizer Station provides up to four individual hand sanitizer dispensers with approximately 2,000 pumps of sanitizer on each! All four dispensers are mounted at an ADA-approved level. This station will fit inside most standard size portable restrooms for easy transport. You can even stake it to the ground for extra support at festivals, carnivals, sporting events and more! This station is great to have at all events and will accommodate up to 3,000 people at a time!
